EcoTank ET-2714

This 3-in-1 inkjet is great for busy households looking to reduce their printing costs and enjoy mobile printing.

Reduce your cost of ink by 90% on average with Epson's cartridge-free ET-2714 EcoTank[1], which is supplied with high yield ink bottles. Its enhanced ultra-high ink filling system is easy and mess-free to fill thanks to the specially engineered ink bottles. Busy households are sure to appreciate this convenient solution that lets you forget about ink costs and running out of ink.

Minimise refills with cartridge-free printing
While keeping on top of ink replacements is unlikely to be on anyone's priority list, running out of ink can be a massive hassle. EcoTank provides a stress-free solution - from the first set of inks its ultra-high capacity ink tanks can hold the equivalent of 88 cartridges' worth of ink[1] on average. It's great for those that print lots as it minimises changing supplies.

Slash ink costs
This economical printer can save 90% on ink costs on average[1]. With one set of ink you can produce an impressive 4,500 pages in black and 7,500 in colour[2].

Specially engineered for ease of use
EcoTank is more compact and easier to use than ever before. Its front-facing tanks are engineered for mess-free refills and the bottles are designed to only allow the correct colours to be inserted. Thanks to the front ink level display, it's easy to see when it's finally due for a refill.

Print from almost anywhere
It's easy to print from mobiles, tablets and laptops using EcoTank. With Wi-Fi and Wi-Fi Direct, you can send documents to print from smart devices using the Epson iPrint[3] app. It can even receive files from almost anywhere in the world via Epson Email Print[3].

Peace of mind
With a Micro Piezo printhead, EcoTank provides a reliable printing solution which is backed by a one year warranty.

KEY FEATURES

- **Save 90% on the cost of ink[1]**
  Equivalent of 88 cartridges' worth of ink included[1]
- **Ultra-low-cost printing**
  Print up to 4,500 pages in black and 7,500 pages in colour[2]
- **Next generation ink filling system**
  Enjoy hassle and mess-free refills with the enhanced ink bottles
- **Wi-Fi & apps**
  Print from mobile devices[3]
- **3-in-1 with front loading tank**
  Print, copy & scan

INK BOTTLE YIELD DATA

	●	●●●
Included	3,600 pages*	6,500 pages*
Replacement	4,500 pages*	7,500 pages*

* Approx. page yield based on ISO/IEC 24711/24712 or ISO/IEC 29102/29103. Actual yield will vary depending on images printed and usage conditions. For more information visit http://www.epson.eu/pageyield

1. Average number of cartridges required /savings achieved printing the same number of pages using the ink bottles included within the EcoTank range, excluding hardware price. Comparison made on the average of the A4 EcoTank range versus the average of the top 10 best selling models in Western Europe, in the period January 2017– December 2017, as tracked by GfK. Printing costs calculated on the proportion of Standard and XL cartridges as tracked by GfK for the same reference period for the Western European market, using average retail prices. Ink cartridge yields as communicated by the manufacturer's websites.
2. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 based on the replacement ink bottles. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
3. 3.Requires a wireless connection to the internet. For more information, supported languages and devices please visit www.epsonconnect.eu
